May	TBD	TBD	Golf Outing	Everyone

Lewis Little Folks holds many fundraisers throughout the year in order to give the best to the children. Part of the money raised goes towards our Tuition Assistance Program (TAP) and part goes into a discretionary fund to be used as needed by the director of the day care. The TAP program is important to help less fortunate families receive the best for their children and helps us maintain good standing with NAEYC accreditation.

The first fundraiser is the Combined Federal Campaign where federal employees choose code 7020 when filling out their United Way contributions. The Combined Federal Campaign is the largest fundraiser the Lewis Little Folks has and we are very grateful for the people who choose LLF. The kick-off for the CFC is September 23rd and the fair is September 30th – Oct 2nd.

In the October – November timeframe, the Constructive Playthings and Current fundraisers take place. These fundraisers are a great, low-hassle way to shop for the holidays. Your products will be delivered on Dec 8th. LLF receives 15% profit from The Constructive Playthings fundraiser and 50% from the Current. For the Current fundraiser, if you order through the catalog, LLF will receive the products and distribute them. If you order on-line, you will receive them at home. To shop on line:

1. Go to www.currentfun.com.
2. Shop and look for special fundraiser internet offers.
3. When you check out, select Ohio, Lewis Little Folks, Brookpark. I do not think we have a participant number.
4. Submit your secure order.
5. Receive products at home.
